'CITIZENSHIP IN REPUBLIC' TOPIC OF FIRST SPEECH

Roosevelt Addresses Student Body of Famous University of Paris Today.

Emphasizes Common Virtues of Homes and State.

IDEALS AND COMMON SENSE.

Paris, April 23. (United Press).—Theodore Roosevelt today addressed the students at Sorbonne on "Citizenship in a Republic." He said in part:

Under other forms of government, under rule of one man or of a very few men, the quality of the rulers is all-important. If, under such governments, the quality of the rulers is high enough, then the nation may for generations lead a brilliant career, and add substantially to the sum of world achievement, no matter how low the quality of the average citizen; because the average citizen is an almost negligible quantity in working out the final results of that type of national greatness.

But with you and with us the case is different. With you here, and with us in my own home, in the long run, success or failure will be conditioned upon the way in which the average man, the average woman, does his or her duty, first in the ordinary, every-day affairs of life, and next in those great occasional crises which call for the heroic virtues. The average citizen must be a good citizen if our republics are to succeed. The stream will not permanently rise higher than the main source; and the main source of national power and national greatness is found in the average citizenship of the nation. Therefore it behooves us to do our best to see that the standard of the average citizen is kept high; and the average cannot be kept high unless the standard of the leaders is very much higher.

It is well if a large proportion of the leaders in any republic, in any democracy, are, as a matter of course, drawn from the classes represented in this audience today; but only provided that those classes possess the gifts of sympathy with plain people and of devotion to great ideals. You and those like you have received special advantages; you have all of you had the opportunity for mental training; many of you have had leisure; most of you have had a chance for the enjoyment of life far greater than comes to the majority of your fellows. To you and your kind much has been given, and from you much should be expected. Yet there are certain failings against which it is especially incumbent that both men of trained and cultivated intellect, and men of inherited wealth and position, should especially guard themselves, because to those failings they are especially liable; and if yielded to, their—your—chances of useful service are at an end.

Cynicism.
Let the man of learning, the man of lettered leisure, beware of that queer and cheap temptation to pose to himself and to others as the cynic, as the man who has outgrown emotions and beliefs, the man to whom good and evil are as one. The poorest way to face life is to face it with a sneer. There are many men who feel a kind of twisted pride in cynicism; there are many who confine themselves to criticism of the way others do what they themselves dare not even attempt. There is no more unhealthy being, no man less worthy of respect, than he who either really holds, or feigns to hold, an attitude of sneering disbelief towards all that is great and lofty, whether in achievement or in that noble effort which, even if it fail, comes second to achievement. A cynical habit of thought and speech, a readiness to criticize work which the critic himself never tries to perform, an intellectual aloofness which will not accept contact with life's realities—all these are, marks, not, as the possessor would fain think, of superiority, but of weakness. They mark the man unfit to bear his part manfully in the stern strife of living, who seek, in the affectation of contempt for the achievements of others, to hide from others and from themselves their own weakness. The role is easy; there is none easier, save only the role of the man who sneers alike at both criticism and performance.

It is not the critic who counts; not the man who points out how the strong man stumbles, or where

Ten Thousand Jews Are Expelled From Kieff, Russia, by Orders From Premier Stolypin to the Military

Members of Stock Exchange Are Told to Cease Importunities in Behalf of People.

Berlin, April 23.—Ten thousand Jews were driven from their homes today in Kieff, Russia. The expulsion is said to have been carried out by direct orders of Premier Stolypin. The Jews are accused of settling in the city without permission from the government. All Jews are not expelled. Those who always lived in the city will remain. It is feared this is the beginning of an anti-Semitic demonstration.

The police of Kieff, are allotted five days in which to clear all non-permanent Jews from the city. The city has been divided into quarters, and a government official with a force of police and soldiers is in charge of each quarter. Jews have made inroads into the commerce of the Russians. Merchants appealed to the premier, and an order of expulsion was promulgated. Leading members of the stock exchange, who sent a petition, asking leniency for the Jews, were told to keep their hands off as further interference would be resented by the government.

ANOTHER WITNESS FOR STATE SICK

IMPORTANT TESTIMONY WILL BE DELAYED FOR WEEK OR MORE.

Kansas City, April 23.—Prosecutor Conkling in the Hyde trial was notified today of the illness of R. D. Mitchell. The important witness for the state who will be unable to attend court for some time. The deposition of Mrs. John M. Cleary will be taken today. It is expected to prove that Hyde was at her home when suspected of poisoning the Swope family with typhoid germs.

D. A. R. MEETING CONCLUDES TODAY

INSURGENTS CAPTURE ONE LIFE OFFICE—REGULARS WIN THE MOST.

Washington, April 23.—With the final meeting of the Continental Congress, D. A. R. regulars and insurgents broke even in the battle for control. It was a blow to the regulars when the insurgents elected Mrs. T. Kinney, a staunch supporter of Mrs. William Cummings Story, vice president general, an office of life tenure. The regulars elected most of the vice presidents.

Eunice, the 2-year-old daughter of Mr. and Mrs. James W. Steyers, of Symsonia, Ky., died late yesterday afternoon of malarial fever. The funeral was held this morning and burial took place in the Clark's river cemetery.

Coldest April Day is Report From West

The prediction is freezing temperature here tonight.

At Chicago.
Chicago, April 23.—A heavy storm struck Chicago last night and continued this morning. Ships in the harbor are endangered. The schooner Cora A., a lumber boat, was disabled and towed into port. The Iowa, one of the largest passenger boats, was beached near Racine, Wis., and is reported not in danger. Fifteen passengers are aboard. The snowfall made it impossible

THE WEATHER

The predictions and temperature for the past twenty-four hours will be found at the top of the seventh column on page four.

COTTON MEN.
Liverpool, April 23.—Liverpool cotton men expect to weather the storm caused by the failure of Knight, Yancy & Company, providing there is no further trouble with spurious bills of lading. They will ask for a basis of settlement similar to the grain exchange.

BRYAN ENDORSES MARSHALL'S PLAN

TO HAVE CANDIDATE NOMINATED AT DEMOCRATIC CONVENTION.

Indianapolis, Ind., April 23.—Governor Marshall today made public a telegram received from William Jennings Bryan in which the commoner upholds Marshall's plans to have the Democratic state convention next week endorse a candidate for U. S. senator. Bryan said: "I congratulate you on having the convention endorse a Democratic candidate for U. S. senator. The nomination of a Republican candidate makes it imperative for the Democrats to meet the issue solidly with a clean cut platform and a strong candidate."

Alleged Black Crook.

Robert Tice, colored, alleged to be the "con man" who worked Bradley Brothers Coal company for \$15.45 a few days ago, was arrested by Patrolman Emilie Gourelux. He was held over to the circuit court grand jury this morning from police court and his bail fixed at \$300.

PADUCAHAN GOES TO SOUTH AFRICA

WELL KNOWN TOBACCO MAN WILL HAVE CHARGE OF WAREHOUSE.

Mr. T. E. Elgin, with W. B. Kennedy in the tobacco brokerage and rebalancing business, has been offered the position of manager of one of the tobacco warehouses in Transvaal, South Africa. The appointment is quite a flattering one and carries with it a handsome salary with increase each year, under the civil service regulations. Transportation is furnished from Paducah to Pretoria. The offer comes from the agent general of the Transvaal, office in London. Mr. Elgin has called his acceptance and will leave at an early date.

Mr. Elgin has been in Paducah about a year and a half, coming here from Hopkinsville. He has made a host of friends both in a social and business way in Paducah. He is in charge of the loose floor department of the Kennedy warehouse and is a man of fine business qualifications, as well as those other sterling attributes that go to make a man. He has been prominently identified with the tobacco business in Kentucky and the offer is a complimentary recognition of his ability.

At St. Louis.
St. Louis, April 23.—The snowfall today broke all records for 20 years. It is the coldest April day ever known. Thermometers registered for 28 to 14 at 8 o'clock this morning.

Marriage Licenses.
Cliff Fletcher, colored, 32, of McCracken county, farmer, and Addie Lee Scott, colored, 26, of McCracken county.

SOUTHWESTERN KY. MEDICAL SOCIETY TO MEET IN MAY

Program of Session is Completed and Mailed Out Today.

Valuable Work in Interest of Profession.

MANY DOCTORS ARE COMING.

Paducah will be the mecca of physicians from all over the southwestern part of the state Tuesday and Wednesday, May 10 and 11, when the fortieth annual session of the Southwestern Medical association will be held. The meeting will last two days and will be adjourned on the afternoon of the second day. The meetings will be held at the city hall.

The visiting physicians will be guests of the McCracken County Medical society, which is preparing a reception for them. The committee on entertainment is working to make the visit of the physicians one of the most pleasant in the history of the association and a banquet will probably be arranged for later on as the closing event. A number of local physicians will deliver lectures.

The program has been completed after hard work on the part of Dr. C. E. Purcell, secretary of the association. He has worked faithfully and his work reflects much credit to himself. The programs have been printed and will be issued this afternoon in pamphlet form. Dr. Purcell will begin mailing them over this part of the state tonight and tomorrow. The attendance this year promises to be large.

BANK CLEARINGS TAKE BIG LEAP THIS WEEK

Clearings this week \$808,788
Same week last year 627,160
Increase 181,628

One of the largest increases in the bank clearings in many weeks is shown today by a comparison of the clearings of 1909 with the figures of this week. The splendid increase is due the regular business, which has been rather lively this week.

PRESIDENT TAFT URGES HIS POSTAL BANK LAW

Washington, April 23.—With the possibility of congress adjourning June 1, President Taft today began an effort to get action on the postal savings bank bill. The president is confident the railroad bill will pass and hopes his injunction bills will be passed. He told friends today he believes the passing of the postal banks bill is necessary to uphold his platform promises. He expects the house Republicans to hold a caucus on the bank bill next week.

COMMISSION TO VIEW PROPERTY

W. M. JAMES, GEORGE EMERY AND HARRY GEORGE ARE APPOINTED.

W. M. James, real estate dealer, George Emery, real estate dealer, and Harry George, contractor, compose the commission appointed by City Engineer Washington and President Ed Hannan, of the board of aldermen, and President Al Foreman, of the board of councilmen, to re-appraise all the property in the city. They will receive \$100 a month each, working eight hours a day, and they will be occupied with the work about eight months. They will view every bit of real estate, using the block map as far as it is completed. They will have their report ready for the quadrennial assessment.

Work of Criminal Court Concludes First Week--Former Sheriff Not Prosecuted--Pullman Co. Indictment.

Without having an examining trial in police court this morning, Albert Hale and Bert Guire, charged with the murder of Luther ("Red") Thompson, were held over to the grand jury and the witnesses recognized under \$100 each to appear forthwith before that body at the county court house.

The court room was packed with a curious crowd that took in every move with open mouths and eyes. Guire and Hale, seated together on the prisoners' bench, were unconcerned. The following witnesses were recognized to go before the grand jury: Mrs. Mollie Thompson, J. D. Quinlan, Police Sergeant E. H. Cross, Patrolman R. W. Vick, Pete Elch, C. W. Emery, James Collins, A. W. Church, Mrs. Ethel Church, A. Bouguard, Jake Rousch, T. J. Moore, Herod Dawson, R. B. Sanderson, Arthur Sanderson, Pete Weldon, Jim Womble, Chief of Police Singery, Simon Turner, J. N. Moore, Hub McNeil and Clayton Phelps.

Neither Guire or Hale had employed an attorney. They will plead not guilty. They were transferred back to the county jail immediately after the case was held over.

Hale Writes Home.
For the first time Albert Hale has realized the seriousness of the evidence pending against him. He is still hopeful, but since the coming of Mrs. Thompson he has been somewhat nervous. Yesterday Hale wrote several letters to people in Decatur, asking for funds with which to employ a lawyer to make a defense of any indictment that might be returned against him. When seen in his cell Hale said: "Yes it may be that things look more serious against me, but I am not afraid. Everything will come out all right."

Mrs. Thompson and a number of witnesses were called before the grand jury this morning. Indictments had not been returned this afternoon. Some of the county officials doubt whether sufficient evidence has been gathered to lead to the return of an indictment for murder against Hale and Guire.

Money Given Mrs. Thompson.
Through the efforts of Mrs. E. R. Mills, milliner, at 316 Broadway.

THREE MINERS RESCUED ALIVE THIS MORNING

Amsterdam, Ohio, April 23.—Three of the eighteen miners, trapped by the explosion Thursday, were rescued alive this morning. Thirteen of the dead were recovered. The men were found in the rear corner unconscious.

TWAIN'S BODY IS ROBED IN WHITE

WILL BE TAKEN TO ELMIRA THIS AFTERNOON FOR BURIAL THERE.

Redding, Conn., April 23.—The body of Mark Twain started on its journey to Elmira this morning. The body was viewed by neighbors. He was clothed in a white serge suit, the same that he affected during his life. Relatives and old family servants accompanied the body to New York, where it will lie in state at the Presbyterian church till after the services this afternoon.

Welcome for Paducahans.
Capt. W. G. Whitefield, of James T. Walbert camp, U. C. V., will leave Monday at noon for Mobile. Today he had a telegram from Frank P. Andrews, of Mobile, who went out from Paducah with Captain Pell's company, saying: "Will meet the boys at the train. Bring all you can." About 20 of the veterans will go from here.

BOYS WHO WORE THE GRAY LEAVE MONDAY MORNING

Will Attend Reunion of Confederate Army at Mobile, Alabama.

Sponsor For Kentucky And Her Attendants.

CHAPERONE OF FOREST MEN.

To attend the annual Confederate reunion, which will be held in Mobile, Ala., April 26, 27, and 28, an enthusiastic representation of Confederate veterans and Daughters of the Confederacy will leave Paducah early next week, and move on to the southern city. Monday will be the day of departure for most of the party. A special train will leave at 11:30 o'clock over the Nashville, Chattanooga & St. Louis railroad, and many will take advantage of this to go through to Mobile. However, some of the veterans will not leave until 2:15 o'clock in order that they travel via Corinth, Miss., and pass through much of the territory, where they fought.

The reunion promises to be one of the most successful ever held, and the three days stay in Mobile will be replete with entertainment for the brave sons of the south and the fair daughters, who will be the sponsors and maids of honor. Miss Mabel McNichols, sponsor for the state of Kentucky, and Mrs. Roy W. McKinney, chaperone of the sponsor and maids of honor of Forrest cavalry corps, will leave Paducah Sunday morning at 7:45 o'clock for Mobile. They will arrive earlier than the remainder of the party, but it will be necessary for Mrs. McKinney to leave Sunday. At Jackson, Tenn., they will meet Miss Marie Brevard of Hickman, an honorary member of the staff of Forrest's cavalry.

General Bennett S. Young, of Louisville, who appointed Miss McNichols sponsor of Kentucky, has named Miss Mattie Welch Logan, of Shelbyville, and Miss Cecil Gordon, of Louisville, as maids of honor, and Mrs. William Bateman, of Lexington, chaperone, to the staff of the Kentucky sponsor. With the exception of Miss McNichols, the party will assemble in Louisville and will proceed to Mobile.

The Maids of Honor.
Miss Logan is a member of a prominent family of the Bluegrass section, and she is a second cousin of General Robert E. Lee, while two of her uncles fought throughout the war. She will be graduated from the Science Hill school with the 1910 class. Her father is a professor at Salem, Va. Miss Gordon is a daughter of Judge Thomas Gordon, members of the family are distinguished for service rendered for the Confederacy. Recently she was graduated from the Randolph-Macon university at Lynchburg, Va. She is the daughter of a prominent family in Louisville.

Mrs. Bateman, the chaperone, is one of the most active workers in the state for the Daughters of the Confederacy. She is chairman of the committee arranging for the erection of a monument in Lexington to the memory of General John H. Morgan. Through the efforts of Mrs. Bateman the last legislature passed a bill giving \$7,500 for the monument and Governor Willson approved the bill. A year ago last summer Mrs. Bateman visited Paducah in the interest of the funds for the monument, and she delighted the members of the chapter, who met her. She is a personal friend of Mrs. McKinney.

The members of the Kentucky party will be entertained at the Battle House, Mobile, which is a place of historic interest. Wednesday evening the soldier boys of Mobile will entertain at the armory in honor of the staff of General Tyler. The members of the staff are: Miss Frances Mayes Harris, of Jackson, Miss.; sponsor, Miss Margaret Hoyte, of Nashville and Miss Bessie Louise Cox, of Mobile, Ala., maids of honor; and Mrs. Roy W. McKinney, of Paducah, chaperone.

WOMAN BITTEN BY SNAKE HAS CHANCE FOR LIFE

As a result of being bitten by a copperhead snake at 5 o'clock yesterday afternoon, Mrs. Minnie Scheer, 45 years old wife of Taylor Scheer, of the St. John's neighborhood, is lying in a precarious condition at her home today. Hope for her recovery was expressed today by her physician, Dr. Q. L. Shelton, of Lone Oak, and she showed some signs of improvement this afternoon.

A BOY'S HOLIDAYS.

The ardent controversy which has been waging in England and America concerning the best way to dispose of school boys in the long summer vacation has prompted the Grand Trunk Railway System to issue a special publication giving suggestions and practical hints to parents, as to what to do with the school boy during the months of July and August. The vacation camp is one of the solutions and the publication entitled, "What Shall a Boy do with his Vacation?" thoroughly covers the ground. A copy may be obtained for the asking by applying to W. S. Cookson, 917 Merchants Loan & Trust Building, Chicago.

Worms

"Cascarets are certainly fine. I gave a friend one when the doctor was treating him for cancer of the stomach. The next morning he passed four pieces of a tape worm. He then got a box and in three days he passed a tape worm 45 feet long. It was Mr. Matt Freck, of Millersburg, Dauphin Co., Pa. I am quite a worker for Cascarets. I use them myself and find them beneficial for most any disease caused by impure blood." Chas. E. Condon, Lewistown, Pa., (Mifflin Co.)

WOLTER TO DIE FOR HIS CRIME

YOUTH IS FOUND GUILTY OF MURDERING GIRL.

Big Crowd in Court; Largest Since Thaw Was on Trial—Ruth Wheeler.

DEATH IS MOST REVOLTING.

New York, April 23.—Albert Wolter, the degenerate youth, 19 years of age, who gloated over lewd pictures and was "crazy" about women, must die in the electric chair for the murder of Ruth Wheeler, a pretty 15-year-old stenographer. After one hour and fifteen minutes' deliberation the jury in the court of special sessions found him guilty of murder in the first degree. Wolter evinced no emotion when the verdict was announced. He had been asleep in his cell while the jury was deliberating. He will be sentenced Wednesday.

Ruth Wheeler was killed on March 24. Failing to dispose of her body in a fire place, Wolter cut it apart and left the bust and head wrapped in burlap on the fire escape from where it was pushed into the yard below.

Wolter was arrested March 26 and placed on trial Monday last. He denies ever knowing Ruth Wheeler, but the testimony showed that she had been lured to his rooms expecting to obtain work as a stenographer. There Wolter had attempted to criminally assault her and had murdered her in a struggle, strangling her with a rope tied about her neck.

Testimony for Wolter closed with his own story. He was cool and collected but writhed under the searching cross-examination of the state.

When the counsel began the summing up the crowd in the court room was the largest that had gathered in the criminal court building since Harry Thaw was on trial.

Sufferers who say they have tried everything without benefit are the people we are looking for. CAR BUILDER

ALBERT ALQUIST, OF MEMPHIS, NEW FOREMAN.

Colored Laborer is Stunned and Knocked Into Water in the Boat Yards.

It is considered a reliable tip that Albert Alquist, of Memphis, will succeed C. W. Grate, who resigned this week as master car builder of the car department of the local Illinois Central shops. Master Mechanic J. H. Nash stated this morning that no official appointment had been made, but it is generally known among the shop employees that Mr. Alquist will arrive Monday to take charge of the shop.

Tuesday Mr. Alquist was in the city and looked over the shop and it is said he returned to Memphis for the purpose of arranging his duties before coming to Paducah. He is a car inspector in Memphis and is a man well liked by the local carmen who are acquainted with him.

Stunned By Blow.
Stunned by a heavy box striking him, James Lewis, a colored laborer in the boat yards, had a narrow escape from drowning yesterday afternoon shortly after 4 o'clock. Lewis was assisting in moving a heavy box across a plank, when the board turned and he dropped into the river. The box of freight also fell into the water and struck Lewis on the chest. Employees quickly fished him out and after reviving him, he was carried to the railroad hospital. It was found that he was bruised, but no bones were fractured.

James Whitfield, a colored laborer at the shops, was injured yesterday afternoon when a motor started suddenly. Several gashes were cut on his face.

Master Mechanic J. H. Nash returned last night from Louisville, where he has been several days on business.

W. M. Tucker, foreman of the boiler shop, returned yesterday from Duketam, Tenn., where he attended the funeral and burial of Miss Love Laws.

An 8% Stock in a Company That Earned \$32,761,341 in 1909

You can become a stockholder in this great Company, owning or controlling the entire Bell Telephone System, long distance and toll lines, and the Western Union Telegraph Co.

What is This Great Company?
Organized in 1885, The American Telephone & Telegraph Co., owned and operated long distance and toll lines throughout the U. S. and Canada. In 1909 it took over the American Bell Telephone Co., together with control of 35 Bell Companies, covering the United States and Canada. It also controls the Western Electric Co., largest makers of telephone instruments and equipment in the world.

Acquires Western Union Telegraph Co.
Late in 1909, a substantial interest was acquired in the Western Union Telegraph Co. The same wires can be used at the same time for telephoning and telegraphing. Telegrams can be both collected and delivered by telephone. These are bare indications of the advantages to the companies and to the public which this interest affords. Improvements and innovations which will lead to greater public use of both methods of communication are now under study.

How the Company Has Grown
In 1900 the company had 632,964 telephones in use. On Dec. 31, 1909, 5,142,692—or one for every seventeen inhabitants of the United States. The increase during 1909 was nearly 18%—a remarkable testimonial to the ever increasing public appreciation of the necessity of the telephone in business and social life.

The Company's Immense Income
The company has two principal sources of income. The first and greater source is as a holding company; the second is as an operating company. As a holding company it owns a majority of the stocks and a large amount of bonds of the various Bell Companies throughout the United States and Canada; also the Western Electric Co. Its holdings in these companies amount to \$390,466,159. On these securities, during 1909, it received in interest and dividends \$26,610,644.

Earned \$32,761,341 in 1909
This company owns and directly operates all the long distance and toll lines which connect its subsidiary Bell Companies throughout the United States and Canada. The total gross income from this source in 1909 was over four million dollars. The total gross income from all sources for 1909, was \$32,761,341.

Its Stupendous Property Assets
The holdings of actual, tangible, physical property of the Bell system amount to over \$600,000,000—exceeding the total capital liabilities by over \$55,000,000. Yet these assets do not include the incalculable value of rights of way, patent rights, franchises, etc.—rights of way alone having cost \$8,000,000.

Why Do You Do It?

Why do you buy cheap whiskey bottled in bond only 4 years old and pay \$1.00 per quart, when you can buy Ragan's Special, made in spring 1903, 7 years old, at \$1.25 per quart? We have the same whiskey in barrel at \$1.00 per quart. This whiskey is made by the Anderson Distilling Co., one of the best distilleries in the state of Kentucky. Don't buy cheap compound whiskey; it shortens your life. We handle nothing but absolutely straight whiskeys, full measure bottles. If you try us once we will make a lifetime customer out of you. Southern, Eau Claire, Wis., says:—"For a long time I have been unable to sleep soundly nights, because of pains across my back and soreness of my kidneys. My appetite was very poor and my general condition was much run down. I have been taking Foley's Kidney Pills but a short time and now sleep as sound as a rock. I eat and enjoy my meals, and my general condition is greatly improved. I can honestly recommend Foley's Kidney Pills as I know they have cured me."—Gilbert's drug store.

A ten days' session of prayer will be inaugurated tomorrow at the Fountain Avenue Methodist church, when Bishop Morrison will preach in the morning. The pastor, the Rev. G. W. Banks, will preach at night. Monday night Bishop Morrison will preach again, and Tuesday the Rev. P. G. Throgmorton, of Silkeston, Mo., will arrive and conduct the services thereafter.

Dr. G. W. Banks returned Friday evening from Louisville, where he attended the meeting of the board of church extensions, which met at the main office of the board April 20. The appropriations of the board were larger for this year than any former year, \$350,000 being loaned and \$125,000 donated.

Bishop Morrison will arrive at 6:10 p. m. today and will preach at the Fountain Avenue church tomorrow at 11 a. m. The bishop will be in the city until Tuesday of next week and will preach again at Fountain Avenue church Monday evening. Bishop Morrison is one of the most attractive speakers in the Southern church. He went to Brazil one year ago. He is in fine health.

whelmed by the announcement of
his fate, sits dumbfounded and speech-

dience concludes that he is the only
unmoved person in the court room.Thieves and gamblers are being
whipped away from the necessities
of life slowly but surely. Exposures
of the stock exchanges of the large

ROOSEVELT'S JUDGMENT OF HIMSELF.

Today Theodore Roosevelt delivered an address before the student body of the University of Paris, one of the oldest, if not the oldest, of the great universities of the world. Its students constitute a select body of scholars from every part of the civilized world, who secure there certain scientific training which they cannot obtain to an equally satisfactory degree elsewhere, even at the great German universities; they are men steeped in the knowledge of modern advanced learning in all branches, men who expect to devote their lives to the attainment of knowledge and the advancement of science. If there ever was gathered together a body of men before whom a speaker would be stripped naked as to the soundness of his logic and the truth of his culture, it was faced today by Theodore Roosevelt. What he said before them is published in The Evening Sun today, and for the first time, perhaps, in the earth's history, a generation has the opportunity to measure the life and words and deeds of one of its own statesmen by his own standard of ethics. We know that what he says before those scholars at the University of Paris must ring true to sound logic and true culture, and we have the record of his administration and his policies and precepts upon the hustings before us. The citizen of America, who fails to read what Roosevelt spoke to those savants upon "Citizenship in a Republic" is missing an opportunity to judge for himself the character of Theodore Roosevelt, citizen and statesman.

What did you expect? A learned technical discourse upon a theme above your head? Ripe scholarship, acquaintance with the best thought of the age, well assimilated knowledge of history and the science of government and man, appeared through it all; but it was the common virtues of the citizen and the home virtues of the sound doctrine of common sense, purity and honesty; patriotic sentiment, fighting zeal for the right, individualism, independence and—could he forget it—the crime of race suicide.

mon-messages of Roosevelt to congress, will find comfort in reading what Roosevelt told these scholars, and will know that those things, which he has preached at home on the stump are the clear expression of his own standards of citizenship, declared before the most profound scholarship of the world assembled at Paris today.

THE REACTION.

The reaction from the unjust abuse of President Taft, which found its inception in the "uplift" magazines, which do not wish to pay more postage than newspapers, is coming sooner than we expected, though no more certainly. Many newspapers, who joined the chorus, are now comparing him with Roosevelt, much to his credit. The Louisville Times is one of these. Last evening the Times said editorially of Taft:

"We agree with Hearst that a quiet, earnest gentleman, who came into office when the country was in the slough of adversity, and, after one year in office, has placed the country on the high road to prosperity; is quite as valuable a president as a more showy and spectacular president, who found the country in the height of prosperity, and left it in the depth of adversity. And no fair-minded man will deny that confidence in Mr. Taft's stability has been as potent a factor for the return of prosperity."

"Again we agree with Mr. Hearst that Mr. Taft is carrying out Roosevelt's policies in the way they ought to be carried out; that is to say, he is doing the things that Roosevelt should have done but did not do."

"If the railroads and other corporations could, with safety, speak out in meeting, it would not be surprising to hear them confess that, of the two, they preferred the loudness of Mr. Roosevelt's bark to the sharpness of Mr. Taft's bite."

"If Mr. Taft can get congress to carry out his will, the railroads, though deprived of none of the rights which their necessity and usefulness to the public good demand for them, would be, for the first time in their history, subject to a regulation strong enough to prevent an unjust exercise of power."

"The corporation tax bill, the overcapitalization bill, the parcels post measure and the income tax, to which Mr. Hearst refers, will, if they become law, put an actual regenerative power in the hands of the government in which, if there be danger, it will be the danger of excess of governmental authority."

"Mr. Taft is doing, or rather trying to do quietly and effectively what Mr. Roosevelt was satisfied in shouting through a megaphone that he was just about to do."

The Times agrees with Mr. Taft on every point, excepting the tariff, and Mr. Taft, no doubt, will be perfectly willing to put his administration to the test on that issue; for whenever the country faces the choice between abiding by the present measure until the tariff commission reports, and an immediate revision by persons, whose only idea is to whack down the rates, regardless of consequences, the country is likely to do what it has done on every similar occasion.

the door of deeds could have done them better. The credit belongs to the man who is actually in the arena, whose face is marked by dust and sweat and blood; who strives valiantly; who errs, and comes short again and again, because there is no effort without error and shortcoming; but who does actually strive to do the deeds; who knows the great enthusiasms, the great devotions; who spends himself in a worthy cause; who at the best knows in the triumph of high achievement, and who at the worst, if he fails while daring greatly, so that his place shall never be with those cold and timid souls who know neither victory nor defeat. Shame on the man of cultivated taste who permits refinement to develop into a fastidiousness that unfits him for doing the rough work of a workaday world. Among the free peoples who govern themselves there is but a small field of usefulness open for the men of cloistered life who shrink from contact with their fellows. Still less room is there for those who deride or slight what is done by those who actually bear the brunt of the day; nor yet for those others who always profess that they would like to take action, if only the conditions of life were not what they actually are. The man who does nothing cuts the same sordid figure in the pages of history, whether he be cynic, or fop, or voluptuary.

Common Virtues.

Let those who have, keep, let those who have not, strive to attain, a high standard of cultivation and scholarship. Yet let us remember that these stand second to certain other things. There is need of a sound body, and even more need of a sound mind. But above mind and above body stands character—the sum of those qualities which we mean when we speak of a man's force and courage, of his good faith and sense of honor. I speak to a brilliant assemblage; I speak in a great university which represents the flower of the highest intellectual development; I pay all homage to intellect, and to elaborate and specialized training of the intellect; and yet I know I shall have the assent of all of you present when I add that more important still are the commonplace, everyday qualities and virtues.

Such ordinary, everyday qualities include the will and the power to work, to fight at need, and to have plenty of healthy children. The average man must earn his own livelihood. He should be trained to do so, and he occupies a contemptible position if he does not do so; that he is not an object of envy if he is idle, at whichever end of the social scale he stands, but an object of contempt, an object of derision.

In the next place, the good man should be both a strong and a brave man; that is, he should be able to fight, he should be able to serve his country as a soldier if the need arises. There are well-meaning philosophers who declaim against the unrighteousness of war. They are right only if they lay all their emphasis upon the unrighteousness. War is a dreadful thing, and unjust war is a crime against humanity.

RUNAWAY GIRLS

ARE SENT BACK TO THEIR HOME AT PRINCETON.

Police Pick Them Up on Request of the Authorities at Their Home.

Simple life became obnoxious to Annie and Fannie Riley, 16 and 17 years old, respectively, at Princeton, and yesterday they conspired to face the bitter world and seek other spots on the map where life might be gay and more dashing. Paducah is no place for runaway girls, but these two did not find this out until they ran into Patrolman R. W. Vick's arms about 6 o'clock yesterday evening at the Union station.

Instead of crying they giggled and told the officer they were just plain runaways. They were bundled up and taken to police headquarters and afterwards taken to a nearby boarding house to spend the night.

Chief of Police B. H. Hopper, of Princeton, arrived this morning and took the two prodigals back to their mother, Mrs. Polly Riley.

Chief Singery received a long distance call from Chief Hopper yesterday afternoon about 4 o'clock notifying him to look out for the two girls.

DRAINAGE MUST PRECEDE PAVING

GENERAL COUNCIL COMMITTEE DEFERS SOME WORK.

Advice of City Engineer Washington is Heeded and Several Streets Are Ignored.

NO MONEY FOR STORM SYSTEM

It was impressed forcibly upon the street committee of the general council last night that it will be useless to improve many of the streets with concrete sidewalks and curbs and gutters until an extensive system of storm water sewers is constructed. City Engineer L. A. Washington said the improvements would be useless unless some provision was made to drain off the water, and as a result the committee decided to drop some of the proposed work.

Because of the lack of the proper storm water sewers the improvements on Tenth, Eleventh, Thirteenth, Fourteenth and Sixteenth streets from Broadway to Trimble street were deferred. Also the improvements on Monroe, Madison and Harrison streets between Eleventh and Seventeenth streets were deferred. Mr. Washington said he is doubtful of the success of the drainage of water on Clay street between Fourteenth and Seventeenth streets.

No action was taken on the question of replacing brick sidewalks with concrete on Fourth, Fifth, Sixth, Seventh, Eighth and Ninth streets between Jefferson and Trimble streets, and Fifth street between Kentucky avenue and Norton street. On the request of Councilman Bower it was ordered that the first improvement work be made on Meyers street, and on request of Alderman Potter, Brown street will be graveled from Broad street to the site of the proposed fill on the way to the Union station.

A petition from property owners, asking for the graveled of Fourteenth street between Burnett and Flournoy streets, was received and an ordinance ordered brought in. Councilmen McCarty and Bower were appointed members of a committee to interview property owners and secure dedications of property for opening Hubbard street between Sixth and Fourth streets.

City Engineer Washington showed the committee a map of the proposed improvements in Mechanicsburg. Some of the streets are entirely too narrow to permit the grass plots provided for in the ordinance. As a result of narrow streets it was ordered that the improvement of Yeiser avenue between Ashbrook and Hays avenues be stricken from the list.

The draining and opening of Kentucky avenue west of Twenty-third street was referred to the board of public works and city engineer.

City Solicitor James Campbell recommended that separate ordinances be drawn for the grading and graveled of streets and for the sidewalks and gutters.

Ways Gets Big Job.

An extra force of men will be employed at the marine ways, First and Washington streets, beginning next week when work of rebuilding the Illinois Central Railroad company's transfer boat "W. B. Duncan," will begin. Captain Williams has just returned from Chicago where he closed a contract with the railroad officials for the big job. The work is to be completed in 90 days, and Captain Williams said this morning he would work a force of 200 men, all of whom would be kept busy for that period to take care of the work. Only a few men have been working at the ways and steps are being taken to secure mechanics at once.

While the Duncan is being repaired the DeKoven is transferring cars from here to Brookport. The C. & E. I. towboat Condor is nearing completion on the ways and will be let off next week after extensive repairs. She will return to Joppa, Ill. Captain Williams said there were prospects for a large amount of work on the ways this summer.

Wickersham May Be Wanted.
Washington, April 23.—Attorney-General Wickersham may be called before the Ballinger investigating committee as the result of charges today made by Brandeis, of the prosecution, that Wickersham mistated facts in his summary made to the president of the charges brought against Ballinger by Glavis. It is hinted the prosecution will try to prove the summary was written in November and dated September 11, 1909. The president wrote a letter exonerating Ballinger in September. He couldn't have seen the letter if it was written in November.

Chapter Members at Mayfield.

JOHN B. HOBSON

DIES AT SHREVEPORT OF CONSUMPTION.

Dr. P. H. Stewart received a telegram from his wife at Shreveport, La., last night announcing the death of her brother, Mr. John B. Hobson, formerly of Paducah. His death occurred at 5 o'clock yesterday afternoon after a lingering illness of consumption.

Mr. Hobson was 44 years old and was the son of Col. H. H. Hobson, of Paducah. He was an excellent musician and could play almost every instrument. For several years he was leader of the orchestra at the Kentucky theater. When he resigned he went on a tour with Professor John Dean's orchestra. Three years ago Mr. Hobson left Paducah and settled at Shreveport, where he represented a music concern. His health had been failing since he left here. Mrs. Stewart, his only sister, was called to his bedside a week ago and was with him at death.

He leaves his sister and two brothers, Messrs. Joe Hobson, of San Francisco Cal., and Emory Hobson, of Mitchell, S. D. Two daughters, Misses Rosebud and Little Hobson of Sixth and Madison streets, Paducah, also survive him. The funeral and burial were conducted this afternoon at Shreveport.

Coroner Eaker Worse

There was a sudden change in the condition of Coroner Frank Eaker last night at Hot Springs, where he has been for several weeks in an effort to benefit his health. A telegram was received by Mrs. Eaker advising her to leave for Hot Springs at once, as it was thought Mr. Eaker could not live over 24 hours. Accompanied by her brother-in-law, William Carter, Mrs. Eaker left this morning at 4 o'clock.

MURDER CHARGE

(Continued From Page One.)

\$83 was raised for Mrs. Mollie Thompson, of Birmingham, Ala., mother of Luther Thompson, who was found murdered two weeks ago near Littleville.

A handsome casket was purchased for \$55 and a railroad ticket to Decatur, Ala., was furnished Mrs. Thompson. The freight charges for the body were paid today out of the money, leaving \$15. This was given Mrs. Thompson to pay for a railroad ticket from Decatur to Birmingham.

This afternoon at 1 o'clock the Rev. G. T. Sullivan, pastor of the Broadway Methodist church, conducted a short funeral service over the body of Thompson. The body was sent at 2:30 o'clock to Decatur, Ala., over the N. C. & St. L. railroad, accompanied by Mrs. Thompson. The burial will be held there Sunday, the body to be laid beside

Indictment Dismissed.

The indictment returned at the sitting of the grand jury in January against former Sheriff John W. Ogilvie for failing to make his settlement within the prescribed time was dismissed this morning by the commonwealth in circuit court. It was never considered that the indictment would be prosecuted.

Walter Laney, a jockey, was acquitted this morning on a charge of grand larceny. Laney rode at the fair in Paducah last year, and was indicted for stealing a saddle and a riding suit belonging to Enoch Linn and Toke Scott, who managed "Waddle Lee." At the trial Laney testified that money was due him from the owners of the horse, and he took the riding colors for the debt. The jury was but a few minutes in agreeing that Laney was not guilty.

The most interesting part of the trial was the attempt of S. F. Wilford, an attorney of Harrisburg, Ill., to impeach the testimony of Enoch Linn. He called several county officials and other citizens to testify. Mr. Linn became angry, and arose as if to take personal vengeance on Wilford, but Judge Reed ordered him to take his seat or a fine for contempt of court would be administered.

Pulman Indictment.

The indictment against the Pullman company, charging a violation of the separate coach law, was dismissed and re-submitted to the grand jury. Several months ago Sam Langford, a colored prizefighter, rode through McCracken county, it is alleged, in one of the regular sleeping cars occupied by white passengers. The indictment was dismissed because of a defect, and on the new indictment the Illinois Central railroad will be made a defendant.

Orders.

The appeal of J. H. Egan against the City of Paducah was reset for April 30. Egan is testing the city ordinance requiring loan companies to pay a license of \$250.

Twelve petit jurors were discharged at noon and Judge Reed drew 24 names from the jury wheel for the purpose of filling the vacancies. The jurors discharged are: George Flanagan, W. H. Stringer, W. H. Culp, R. J. Boldry, John Harris, T. S. Heady, S. Menard, C. E. Jennings, Luke Russell, W. W. Harper, Joe Feast, J. M. Byrd.

Other Cases.

Two years in the penitentiary was the verdict returned this morning by the jury in the case of Pete Harris, colored, charged with the malicious cutting of Ike Brown. The evidence was heard yesterday afternoon, but the jury failed to agree until this morning.

The next time John Taylor, colored, is subpoenaed to appear in circuit court as a witness he will be more careful about reaching the court house. Yesterday afternoon he was subpoenaed to appear in court this morning by Deputy Sheriff Charles Clark. Taylor announced he would appear, and this morning an attachment was issued for him. Judge Reed announced a fine of \$25 and 24 hours in the county jail.

Henry Mitcheson, colored, indicted for maintaining a nuisance, was acquitted yesterday afternoon.

The four trials of Charles Tyler, colored, charged with detaining a woman against her will, were set for April 27.

The trial of Van Redd, colored, charged with escaping from jail, was continued until the special criminal term.

Cliff Thompson, colored, indicted under the name of Cliff Thomas, was fined \$25 and 30 days in the county jail for carrying a weapon concealed. The charge of pointing a pistol was dismissed.

The trial of Alta Rogers, charged with conducting a bawdy house, was continued.

But it is such a crime because it is unjust, not because it is war. The choice must ever be in favor of righteousness, and this whether the alternative be peace or whether the alternative be war. The question must be, is the right to prevail? Are the great laws of righteousness once more to be fulfilled? And the answer from a strong and virile people must be, "Yes," whatever the cost. Every honorable effort should always be made by the individual in private life to keep out of

A WOMAN'S APPEAL.

To all knowing sufferers of rheumatism, whether muscular or of the joints, sciatica, lumbago, backache, pains in the kidneys or neuralgia pains, to write to her for a home treatment which has repeatedly cured all of these tortures. She feels it her duty to send it to all sufferers FREE. You cure yourself at home as thousands will testify—no change of climate being necessary. This simple discovery banishes uric acid from the blood, loosens the stiffened joints, purifies the blood, and brightens the eyes, giving elasticity and tone to the whole system. If the above interests you, for proof address Mrs. M. Summers, Box R, South Bend, Ind.

S.S.S. OLDEST & BEST BLOOD PURIFIER

Time is the supreme test of all things, and the very best recommendation of S. S. S. is that it has stood a long test and is now often used, and has the confidence of a greater number of people than any other blood medicine.

The blood is the vital force of life; the health-preserving element and motive power of the system. Every organ, nerve, muscle, tissue and sinew of the body is dependent directly on the blood for nourishment and strength. As it circulates through the system, pure and rich, it furnishes to these different members the healthful properties needed to sustain and enable them to perform their various duties. So long as the blood remains free from infection we are apt to be healthy, but any impurity, humor or poison in the circulation affects some portion of the general health.

Bad blood may come from various causes, such as sluggish condition of the system, imperfect bowel and kidney action, indigestion, etc., or the trouble may be inherited, but whatever the source the blood must be purified before the body can be healthy. Pustular eruptions, pimples, rashes, and the various skin affections show that the blood is in a feverish condition, and the result of some humor, or the presence of an irritating, fiery acid. Rheumatism comes from an excess of uric acid in the circulation, while Catarrh, Sores and Ulcers, Scrofula, and Contagious Blood Poison, are all deep-seated blood disorders.

S. S. S. is a natural blood purifier and tonic. It is made entirely of the juices and extracts of roots, herbs and barks of recognized curative ability, and being free from all harmful minerals is an absolutely safe medicine for young or old. S. S. S. goes into the circulation and removes every trace of impurity, humor or poison. It freshens and enriches the blood and cures promptly and permanently Rheumatism, Catarrh, Scrofula, Sores, and Ulcers, Skin Diseases, Contagious Blood Poison, and all other blood disorders. S. S. S. is the most reliable medicine for those whose blood has become weak and who are suffering from Anemia, Malaria or other debilitating trouble. Book on the blood free. THE SWIFT SPECIFIC CO., ATLANTA, GA.

BUILDS UP THE HEALTH. I have used S. S. S. quite extensively, and know it to be the best of blood purifiers. It is vegetable, as you claim, and does not injure the system in the least, but on the contrary builds up the general health while ridding the blood of all poisons and impurities. I feel better in every way since taking your medicine, and am firm in the opinion that it is all you claim for it in the cure of blood troubles. G. K. Hess, 716 Willow St., Lebanon, Tenn.

need, is it to remember that the chief of blessings for any nation is that it shall leave its seed to inherit the land. It was the crown of blessings in Biblical times; and it is the crown of blessings now.

Character must show itself in the man's performance both of the duty he owes himself and of the duty he owes the state. The man's foremost duty is owed to himself and his family; and he can do this duty only by earning money, by providing what is essential to material well-being; it is only after this has been done that he can hope to build a higher superstructure on the solid material foundation: it is only after this has been done that he can help in movements for the general well-being. He must pull his own weight first, and only after this can his surplus strength be of use to the general public.

Nevertheless, while laying all stress on this point, while not merely acknowledging but insisting upon the fact that there must be a basis of material well-being for the individual as for the nation, let us with equal emphasis insist that this material well-being represents nothing but the foundation, and that the foundation, though indispensable, is worthless unless upon it is raised the superstructure of a higher life. That is why I decline to recognize the mere multi-millionaire, the man of mere wealth, as an asset of value to any country; and especially as not such an asset to my own country. If he has earned or uses his wealth in a way that makes him of real benefit, of real use—and such is often the case—why, then he does become an asset of worth. But it is the way in which it has been earned or used, and not the mere fact of wealth, that entitles him to the credit.

In fact, it is essential to good citizenship clearly to understand that there are certain qualities which we in a democracy are prone to admire in and of ourselves, which ought by right to be judged admirable or the reverse solely from the standpoint of the use made of them. Foremost among these I should include two very distinct gifts—the gift of money-making and the gift of oratory. Money-making, the money touch, I have spoken of above. It is a quality which in a moderate degree is essential. It may be useful when developed to a very great degree, but only if accompanied and controlled by other qualities; and without such control the possessor tends to develop into one of the least attractive types produced by a modern industrial democracy. So it is with the orator. It is highly desirable that a leader of opinion in a democracy should be able to state his views clearly and convincingly. But all that the orator can do of value to the community is to enable the mass thus to expel itself; if it enables the orator to persuade his hearers to put false values on things, it merely makes him a power for mischief. The phrase-maker, the phrase-monger, the ready talker, however great his power, whose speech does not make for courage, sobriety, and right understanding, is simply a noxious element in the body politic, and it speaks ill for the public if he has influence over them. To admire the gift of oratory without regard to the moral quality behind the gift is to do wrong to the republic.

Of course all that I say of the orator applies with even greater force to the orator's latter-day and more influential brother, the journalist. The power of the journalist is great, but he is entitled neither to respect nor admiration because of that power unless it is used aright. He can do, and he often does, great good. He can do, and he often does, infinite mischief.

In short, the good citizen in a republic must realize that he ought to possess two sets of qualities, and that neither avails without the other. He must have those qualities which make for efficiency; and he must also have those qualities which direct the efficiency into channels for the public good. He is useless if he is inefficient. There is nothing to be done with that type of citizen of whom all that can be said is that he is harmless. Virtue which is dependent upon a sluggish circulation is not impressive. There is little place in active life for the timid good man. The man who is saved by weakness from robust wickedness is likewise rendered immune from the robust virtues. The good citizen in a republic must first of all be able to hold his own. He is no good citizen unless he has the ability which will make him work hard and which at need will make him fight hard. The good citizen is not a good citizen unless he is an efficient citizen.

But if a man's efficiency is not guided and regulated by a moral sense, then the more efficient he is the worse he is, the more dangerous to the body politic. Courage, intellect, all the masterful qualities, serve but to make a man more evil if they are used merely for that man's own advancement, with brutal indifference to the rights of others. It speaks ill for the community if the community worships these qualities and treats their possessors as heroes, regardless of whether the qualities

are used rightly or wrongly. It makes no difference as to the precise way in which this sinister efficiency is shown.

The citizen must have high ideals and yet be able to achieve them in practical fashion. No permanent good comes from aspirations so lofty that they have grown fantastic and have become impossible and indeed undesirable to realize.

We can just as little afford to follow the doctrinaires of an extreme individualism as the doctrinaires of an extreme socialism. Individual initiative, so far from being discouraged, should be stimulated; and yet we should remember that, as society develops and grows more complex, we continually find that things which once it was desirable to leave to individual initiative can, under the changed conditions, be performed with better results by common effort. It is not good to be the slave of names. I am a strong individualist by personal habit, inheritance, and conviction; but it is a mere matter of common sense to recognize that the state, the community, the citizens acting together, can do a number of things better than if they were left to individual action.

There should, so far as possible, be equality of opportunity to render service; but just so long as there is inequality of service there should and must be inequality of reward.

Let us try to level up, but let us beware of the evil of leveling down. If a man stumbles, it is a good thing to help him to his feet. Every one of us needs a helping hand now and then. But if a man lies down, it is a waste of time to try to carry him; and it is a very bad thing for every one, if we make men feel that the same reward will come to those who shirk their work and to those who do it.

Among Nations.

So much for the citizenship of the individual in his relations to his family, to his neighbor, to the state. There remain duties of citizenship which the state, the aggregation of all the individuals, owes in connection with other states, with other nations. Let me say at once that I am no advocate of a foolish cosmopolitanism. I believe that a man must be a good patriot before he can be, and as the only possible way of being, a good citizen of the world.

In the dim future all moral needs and moral standards may change; but at present, if a man can view his own country and all other countries from the same level with tepid indifference, it is wise to distrust him.

As yet, as a rule, each nation is of necessity obliged to judge for itself in matters of vital importance between it and its neighbors, and actions must of necessity, where this is the case, be different from what they are where, as among private citizens, there is an outside force whose action is all-powerful and must be invoked in any crisis of importance. It is the duty of wise statesmen, gifted with the power of looking ahead, to try to encourage and build up every movement which will substitute or tend to substitute some other agency of force in the settlement of international disputes. It is the duty of every honest statesman to try to guide the nation so that it shall not wrong any other nation. But as yet the great civilized peoples, if they are to be true to themselves and to the cause of humanity and civilization, must keep ever in mind that in the last resort they must possess both the will and the power to resent wrongdoing from others. The men who sanely believe in a lofty morality preach righteousness; but they do not preach weakness, whether among private citizens or among nations. We believe that our ideals should be high, but not so high as to make it impossible to measurably to realize them. We sincerely and earnestly believe in peace; but if peace and justice conflict, we scorn the man who would not stand for justice though the whole world came in arms against him.

And now, my hosts, a word in parting. You and I belong to the only two republics among the great powers of the world. The ancient friendship between France and the United States has been, on the whole, a sincere and disinterested friendship. A calamity to you would be a sorrow to us. But it would be more than that: in the seething turmoil of the history of humanity certain nations stand out as possessing a peculiar power or charm, some special gift of beauty or wisdom or strength, which puts them among the immortals, which makes them rank forever with the leaders of mankind. France is one of these nations. For her to

sorrow to us. But it would be more than that: in the seething turmoil of the history of humanity certain nations stand out as possessing a peculiar power or charm, some special gift of beauty or wisdom or strength, which puts them among the immortals, which makes them rank forever with the leaders of mankind. France is one of these nations. For her to

sink would be a loss to all the world. There are certain lessons of brilliance and of generous gallantry that she can teach better than any of her sister nations. When the French peasantry sang of Malbrook, it was to tell how the soul of this warrior-folk took flight upward through the laurels he had won. Nearly seven centuries ago, in the teaching and uplifting of mankind.

New Edison Records for MAY

On Sale April 25th

THIS month's Edison Record list is remarkable in that it introduces two new Grand Opera stars of the Manhattan Opera House, New York—Carmen Melis, prima donna; and Gustav Huberdeau, basso; besides records by Marguerita Sylva, Blanche Arral and Riccardo Martin. But not only from the standpoint of Grand Opera is this month's list remarkable. The biggest hit of the season, "Has anybody here seen Kelly?" is on the Amberol (four minute) list and Billy Murray's newest success "He's a College Boy" is a head-liner from the Standard (two minute) list. And these are just samples—your dealer will play anything on this list, you wish to hear, on the Edison Phonograph.

People Will Talk You Know

And that's the reason why Dr. Pierce's Family Medicines are advertised so little now-a-days. They have made hundreds of thousands of cures in the past 40 years, and some of the grateful people whom they have restored to health are to be found almost everywhere. There's scarcely a hamlet that don't contain some. Look them up. Interview them. They are living, walking, active advertisements

For Dr. Pierce's Family Medicines.

You can believe your neighbors. Therefore ask them. What cured them will very likely cure you, if similarly afflicted—only give them a good, fair trial.

It's a good, sound, common sense policy to use medicines only of KNOWN COMPOSITION, and which contain neither alcohol nor habit-forming drugs. The most intelligent people, and many of the most successful, conscientious physicians, follow this judicious course of action. The leading medical authorities, of all schools of medicine, endorse the ingredients composing Dr. Pierce's medicines. These are plainly printed on wrappers and attested under oath. There's no secrecy; an open publicity, square-deal policy is followed by the makers.

We have a profound desire to avoid all offense to the most delicate sensitiveness of modest women, for whom we entertain the most sincere respect and admiration. We shall not, therefore, particularize here concerning the symptoms and peculiar ailments incident to the sex for which Dr. Pierce's Favorite Prescription has for more than 40 years proven such a boon. We cannot, however, do a better service to the afflicted of the gentler sex than to refer them to Dr. Pierce's Common Sense Medical Adviser, a great family doctor book of 1000 pages, bound in cloth and given away gratis, or sent, post-paid, on receipt of 31 one-cent stamps—to cover cost of mailing only, or 21 cents for paper covered book. All the delicate ailments and matters about which every woman, whether young or old, single or married, should know, but which their sense of delicacy makes them hesitate to ask even the family physician about, are made plain in this great book. Write for it. Address: WORLD'S DISPENSARY MEDICAL ASSOCIATION, R. V. Pierce, M. D., Pres., 663 Main Street, Buffalo, N. Y.

CAN YOU DRAW A GOOSE?

\$435.00 in Cash Prizes

For the Boys and Girls Who Make the Best Drawings of the Red Goose

The Friedman-Shelby Shoe Co., manufacturers of the celebrated RED GOOSE School Shoes, are offering \$400 in cash prizes to the boys and girls of the United States who make the best drawings of the RED GOOSE.

The Great National Drawing Contest will continue all through the present year and boys and girls from all parts of the United States and foreign countries will participate.

Meanwhile, they want to find out who are the best artists in this

locality and have decided to offer through Harbour's Department Store, North Third street, a number of "Special Prizes" for the best drawings made by the School Children here. The prize winners in the Local Contest to have their drawings entered in the National Contest.

Below we print a list of the "Special Prizes" offered the boys and girls in this local contest; but in addition to this, every boy and every girl who draws a picture will

get a prize. The big prizes are:

1st Prize	\$10.00
2nd Prize	5.00
3rd Prize	3.00
4th Prize	2.00
15 Prizes of \$1.00	15.00
19 Prizes amounting to	\$3.50

Remember in addition to a chance to win one of these big prizes, every boy and every girl who makes a drawing of the RED GOOSE and brings it to our Shoe Department, will get a Prize. This will be a copy of the "Red Goose Story Book" and one of the Red Goose Souvenirs.

The Rules Governing the Local Contest Are Simple and Easily Followed

Any boy under 16 years of age can enter the contest.

You may draw any kind of a picture you like, either serious or humorous (the real red goose is shown in this ad, and scattered about are some of her funny cousins).

You can make the drawing of the RED GOOSE only, or it can be a scene in which the RED GOOSE is a prominent character.

You can draw the picture in black and white with pen and ink, or pencil, or crayon, or it can be drawn in colors with crayon or your water colors.

You can draw one picture or as many as you like. There is no limit to the number you can enter. (Our advice is to draw only a few and make these as good as you can).

First, The drawing must be made on a good clean sheet of drawing paper or drawing board, about the same size as those used in the drawing classes in your school.

Second, your name, your parents' or guardians' name, your home address, your age at your nearest birthday, and the name of your school must be plainly written on the back.

Third, the drawing must be brought in by yourself and handed in at our Shoe Department. (An exception will be made for those children who through sickness or misfortune cannot come in person).

The Contest Closes August 1st, 1910

And on or before that date all of

your drawings must be presented. You can bring them in as much earlier as you like. The prizes will be awarded three weeks later, as the committee will require this amount of time to select the best.

Now all you boys and girls, let's see how well you can draw. Make a picture of the RED GOOSE and bring it in as soon as you have it finished. And come in and see the big RED GOOSE Exhibition. This is something every boy and girl should see.

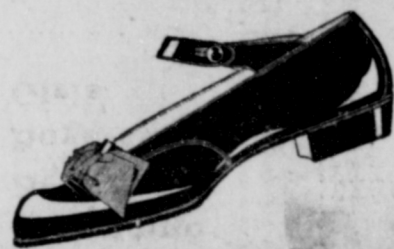

All grown people and children are invited to see the Red Goose. Every one should come and see the Only and Original Red Goose, at Harbour's Department Store, North Third street.

DEGREE TEAM OF INGLESIDE LODGE

EXEMPLIFIES WORK BEFORE PRINCETON REBEKAHS.

High Praise for Paducah Lodge Women From Neighboring City.

THOSE WHO PARTICIPATED.

Concerning the work of the degree staff of Ingleside lodge of Rebekahs, the Princeton Leader says:

Red Rose Rebekah Lodge No. 93, I. O. O. F., of this city, had as its guests last night about thirty odd staff members of Ingleside Rebekah Lodge No. 17, of Paducah.

The staff members of Ingleside lodge came to Princeton upon the urgent solicitation of Red Rose lodge to exemplify the initiatory degree upon a large class. The work proved a great success, and the inspiration given the members of Red Rose lodge will serve to encourage the rapid growth and interest of the lodge as no other plan could have done.

The drill work of the Ingleside staff members was indeed beautiful and superb, in fact, the best ever witnessed on the lodge room floor of this city, and no compliment is too great for the work accomplished, every member of the visiting staff being

perfect in all points required of them.

The Ingleside lodge staff members arrived on the late train from Paducah yesterday afternoon and went direct to Princeton hotel, where supper was served, having been arranged for by a special committee from Red Rose lodge. Those composing the staff members from Ingleside lodge were as follows:

Mrs. Theresa Davis, N. G.; Mrs. Lucy Orr, V. G.; Mrs. Mattie Whitmer, P. G.; Mrs. Carrie Schroder, chaplain; Mrs. Lena Effinger, W.; Mrs. Ida McKinney, conductor; Miss Katie Block, I. G.; Miss Clara Lee, R. S. N. G.; Miss Bessie Watts, L. S. N. G.; Miss Lena Walker, R. S. V. G.; Miss Lillian Kettler, L. S. V. G.; Mrs. Lizzie Beckenbach and Miss Ada Shelton, altar supporters; Mrs. Mae Block, Mrs. Martha Wilson, Mrs. Florence Gary and Miss Ruby Meyer, banner bearers; Miss Etta Becken-

bach, pianist; Mr. E. T. McKinney, captain; Mrs. Clara Maxwell, Mrs. Izora Galvin, Mrs. Augusta Rogers, Messrs. Dow Orr, John Block and O. T. Anderson; the visitors being Messrs. S. D. Whitmer, R. J. Wilson, M. G. Wilson.

The following were those initiated as members of Red Rose lodge: Mrs. Joe Ferrell, Mrs. M. A. Shackelford, Mrs. Mary Rice, Miss Myrtle Phelps, Cynthia and Mary Cunningham, Mary White and Tommie Jennings, Messrs. Charles J. White, P. L. Perkins and T. R. Stone.

Several interesting talks were made in eulogy of the good work accomplished by the staff members of Ingleside lodge, extending them a hearty good welcome for their presence and bidding them to come again. Refreshments were also served, making the occasion one of much pleasure.

In Bankruptcy.

In the bankruptcy case of J. M. Rickman the bid of Tenny Iseman for a tract of land in the county was transferred to J. M. Rickman, Sr. At the bankrupt sale Iseman bid \$3,900 for the land, but failed to make the required bond, and the bid was transferred to Rickman at an in-

crease of \$125, by M. G. Burns, the trustee.

May 4 the sale of the stock of R. L. Eley will be held, and May 2 in Birmingham the stock of J. D. Eades will be sold. Attorneys Burns & Burns are the trustees in the two cases.

COLD WEATHER FOR THEIR WHITE SUMMER FLOCKS.

Although the weather was anything but favorable for an outing party, a special coach containing 64 people from La Center, en route to Kuttawa passed through Paducah this morning. The party is composed of members of a Sunday school in La Center.

Some of the girls were garbed in white dresses, and passengers at the station involuntarily shivered as they saw them.

GRANDMA'S OVER THE RHEUMATISM

This is not a joke, not an attempt to amuse, but to show the joy one feels to be free from the torturing bonds of rheumatism. To feel the limbs once more supple and free from pain, free from soreness, stiffness and weakness, to be able to stand on the feet, to walk, to dance. The sufferer can appreciate this joy—the joy of health, the joy of good, long nights of peaceful sleep, the joy of getting up in the morning fresh, clear-headed, light-hearted; the joy of living, the sunshine.

The rheumatic sufferer will appreciate these great blessings, for she knows what it is to be denied them. She will appreciate a medicine that brings these joys. She will appreciate Barkola Globes, for a few doses will show her that there is still sunshine in her life, that there is health for her, that there is freedom from rheumatism, freedom from pain. A few doses of Barkola Globes will make the kidneys and bladder strong, will relieve the necessity of getting up in the night, will stop backache, stop all the rheumatic sorrows, all the pain, take out the stiffness, and let into the tortured body the bright, glowing sunshine of health.

It will not take weeks of patient treatment to prove that there is still hope; a few doses will be enough—not enough to cure, perhaps, but to convince.

Why suffer when you know you can be well?

Just drop in at Gilbert's Drug Store, Fourth and Broadway, or some other good drug store, and get a box, or send fifty cents to the Old Port Chemical Co., Fort Wayne, Ind. Every moment of delay just means that much longer to suffer—Why not start right now, right this minute, to get well?

WOMAN.

The wind caught up the golden word of God, And hid it in a tiny drop of rain, Which, like red wine, with rubies gemmed in vain, Disowned the gift, and spilled it on a clod! Out of that crumbling urn, a seeded god Burst into life, wind-wandering back again To God's intent—the breath of ripening grain, Of attired rose and sunny golden-rod! Then God took up the music of the wind, The laughing rain, the secret of the clay, The flowers as sweet as dreams, of Pagan Pan, And giving them a heart and soul and mind, Deep as the night and merry as the day, He called them Eve—and gave them all to man!

—Aloysius Coll in Smart Set.

WEAK AND DESPONDENT

But After Taking Cardui, the Woman's Tonic, Felt Like a New Woman. Says Mrs. Drew.

McLeansboro, Ills.—"About five years ago," says Mrs. L. Drew, of this place, "I was afflicted with pains and irregularity every month. I had headache and backache continually; had bright, blinding spots before my eyes, was weak and despondent, and unable to do housework for a family of three. I took two bottles of Cardui, the woman's tonic, and in one month I felt like a new woman, and worked hard all summer. 'Have had no return of the trouble and can do any kind of work at any and all times without the least pain. I am now in perfect health and recommend Cardui to all suffering women. I find it harmless and very effective.' Of course, Cardui is harmless and effective. Time-tested and reliable, it has, in the past 50 years, been steadily forging ahead in popularity, due to its good qualities, that all lady users readily acknowledge. No medicine can succeed without real merit because they look good, but the only possible explanation for the success of a woman's medicine, like Cardui, is that it can be depended upon to get results. Ask your druggist. N. B.—Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, 'Home Treatment for Women,' sent in plain wrapper on request.

Mr. and Mrs. John R. Puryear, 896 Broadway. The couple will go immediately to housekeeping at 1201 Broadway.

Thompson-Forley Marriage.
The marriage of Miss Rosa Vitru Thompson and Mr. John Calhoun Forley, Jr., will take place on Wednesday evening at 9 o'clock at the home of the bride's parents, Mr. and Mrs. William Bruce Gibson, 911 Jackson street. The Rev. M. E. Dodd, pastor of the First Baptist church, will officiate. It will be a pretty home ceremony followed by an informal reception. Announcement of the approaching event was made several weeks ago.

Informal Bridge Party.
Miss Cherie Morton was the hostess at an informal bridge afternoon on Friday, at her apartments in the Shamrock, in honor of her cousin and house guest, Miss Anne Norton Gaines, of Bowling Green. There were three tables at bridge.

Puryear-Hugg Wedding.
The marriage of Miss Odie Puryear and Mr. John F. Hugg will be quietly solemnized on Thursday afternoon at 4:30 o'clock at the First Baptist church.

The Rev. M. E. Dodd, pastor of the church, will pronounce the ceremony. Miss Courtie Puryear, sister of the bride, will preside at the organ. The only attendants will be the ushers: Mr. Sidney Lemon, Dr. G. B. Froage, Mr. Floyd Harris and Mr. Roscoe Paryear.

Immediately following the ceremony an informal reception for the bride party, relatives and intimate friends, will be held at the home of

MISCHIEF MAKER.
A Surprise in Brooklyn.

An adult's food that can save a baby proves itself to be nourishing and easily digested and good for big and little folks. A Brooklyn man says: "When baby was about eleven months old he began to grow thin and pale. This was, at first, attributed to the heat and the fact that his teeth were coming, but, in reality, the poor little thing was starving, his mother's milk not being sufficient nourishment. 'One day after he had cried bitterly for an hour, I suggested that my wife try him on Grape-Nuts. She soaked two teaspoonfuls in a saucer with a little sugar and warm milk. This baby ate so ravenously that she fixed a second which he likewise finished. 'It was not many days before he forgot all about being nursed, and has since lived almost exclusively on Grape-Nuts. Today the boy is strong and robust, and as cute a mischief-maker as a thirteen-months-old baby is expected to be. 'We have put before him other foods, but he will have none of them, evidently preferring to stick to that which did him so much good—his old friend Grape-Nuts. 'Use this letter any way you wish, for my wife and I can never praise Grape-Nuts enough after the brightness it has brought to our household. Grape-Nuts is not made for a baby food, but experience with thousands of babies shows it to be among the best, if not entirely the best in use. Being a scientific preparation of Nature's grains, it is equally effective as a body and brain builder for grown-ups. Read the little book, 'The Road to Wellville,' in pkgs. 'There's a Reason.' Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

To Attend Music Festival.
Miss Virginia Newell will attend the May Music Festival at Memphis, Tenn., which will be given under the auspices of the Beechthorn club of that city on Monday, Tuesday and Wednesday of the coming week. There will be five concerts presented by the Theodore Thomas Orchestra and it will be a delightful and notable musical event. A festival chorus of 250 voices in the oratorio of "Elijah" will be a feature of the Tuesday night program. The program will present a number of notable soloists and will feature some of the greatest of the world-composers.

Miss Newell will be the guest of her sister, Mrs. David Bomar Sweetney, while in Memphis. She will spend the week-end with her mother, Mrs. T. J. Newell in Paris, Tenn., on her way to Memphis.

Some Club Changes.
Two of the clubs will close their club year with the meetings of the coming week, the Delphic club and the Magazine club. The Woman's club, the Matinee Musical and the Kalasophic clubs will continue on into May.

The Delphic club will have to fill a vacancy at the meeting on Tuesday morning, that of Miss Kathleen Whitefield, who resigned last Tuesday. Miss Whitefield is one of the most capable and interested Delphic members and for two years has been the secretary. Her marriage early in June will take her from Paducah to another city to reside.

The Magazine club will hold an election on Thursday afternoon to fill two vacancies caused by the resignations at the last meeting of Mrs. Eli G. Boone and Miss Julia Scott, two especially brilliant members.

Reception to Dr. and Mrs. Burwell. The parlors of the First Presbyterian church were crowded last night with members of the congregation and friends at the reception given by the ladies' societies to Dr. and Mrs. H. W. Burwell. The rooms were decorated with palms and potted plants and after the reception a social time was enjoyed for two hours, while refreshments were being served. They consisted of a delicious salad course with coffee. During the evening the following musical numbers were enjoyed by the guests:

Piano duet, "De Pasqual," by Rosini—Mrs. George B. Hart and Miss Adah Brazelton. Soprano solo, "Doris," by Nevin, and "A Gypsy Maiden I," by Parker—Miss Sarah Rogers. Piano solo, "Lorelei," by Sindling—Mrs. Sanders Clay. Baritone solo, "My Heart and I," Hungarian, and "Boat Song," by Harriet Ware—Mr. Emmet Bagby. Several pastors and members of other churches called during the evening to pay their respects to Dr. and Mrs. Burwell.

Class Entertainment.
The Young Ladies Philathea class of the Fountain Avenue Methodist church was delightfully entertained by the Baraca class Tuesday evening. Both classes had been in a membership contest, the Philathea class being the winner. The Baraca had to furnish the refreshments, which consisted of cream, cake and coffee. Mr. A. J. Bamberg baked the cakes and Messrs. Charles Lee, Roland Tippins and Clifford Richey served the refreshments. Both classes expect to do great work this year.

Enjoyable Dance at K. C. Hall.
A number of young ladies entertained on Thursday night with a dance at the Knights of Columbus hall in honor of the young men. It was a most enjoyable affair. The party was chaperoned by Mr. and Mrs. Philip Rogers, Mr. and Mrs. Wilbur Nowlin, Mr. and Mrs. A. F. Roth. Those in attendance were: Misses Mary Ellen Rogers, Marceline Budd, Ethel Robertson, Maggie Lydon, Elsie Elam, Lalla Robinson, Irene Tighe, Mabel Berry, Gertrude Fisher, Georgia Ashoff, Letha Ashoff, Joe Hazelbaur, Pearl Stroud, Elizabeth Kelly, Nell Volight, Ethel Seamon, Pearl Elder, Ruth McNeill, Flora McCann; Messrs. Joe Fisher, Keene Webb, Chester Kerth, Joe Gockel, Horace Flegle, Thomas Hoffman, Robert Nichols, George McFadden, Joe O'Laughlin, Oscar Grief, Carl Hanks, Harry Voss, Fred Theobald, Will Clark, Jim Butts, Robert Trantham, Gus Katterjohn, Jess Thurman and J.
